

General Mills Australia volunteers: 8 October 2018, Foodbank Warehouse, Victoria.

General Mills Australia Volunteers pack 1080 Christmas Hampers!

MELBOURNE (October 8, 2018) - Foodbank Victoria is a food relief organisation that works with 470 registered charity partners across Victoria. They rely on volunteers to physically pack orders to distribute 8 million kilograms of food and household items a year.

General Mills Australia has been a long-term supplier of food to Foodbank, however our relationship doesn't stop there. General Mills volunteers often roll up their sleeves and head out to a Foodbank warehouse to help with packing orders. On 8 October, General Mills volunteers located in Melbourne headed to a Foodbank warehouse and packed 1080 Christmas Hampers. What a remarkable effort!

We are proud to support Foodbank and proud of our volunteers' efforts supporting numerous charities that help struggling Victorian families.
